## Options

- Doors and panels can be used in any configuration, style and design
- All configurations are available in both open-in and open-out options
- Full range of suited hardware available
- Glazing sizing range of 28mm
- Available in any single RAL colour or dual colour option

## Configurations

Available in a range of styles and designs, panels can be stacked inside or outside of the room, to the left, right or split to stack on both sides. Door sets can be manufactured to replace entire walls to maximise your opening space.

## Performance

- High security hinges and locking mechanisms as standard
- Shootbolts top and bottom of the interlocks for enhanced security
- Unique high strength roller design for increased weight capacity
- Dedicated Bottom bogey guide for constant operation and increased security
- Double Track threshold allowing greater stability
